CATEGORIES OF VENDORS

“ARTISAN” means a Vendor who sells works of art or handcrafted items that they have created. No Artisan may sell items that they have purchased for re-sale unless that item has additional **creative** work done to it by the vendor. If in question, the acceptance of “additional creative work” will be determined by the Vendor Selection Committee.

“SPECIALTY VENDOR” means a Vendor not included in the categories of Farmer, Farmer/Reseller, Food Producer/Baked Goods or Artisan who can be considered an asset to the market.

“GUEST VENDOR” means a Vendor whom the Board feels would be an asset to the Market who only attends the market occasionally.

“CHARITABLE GROUP VENDOR” means a charitable organization wishing to raise monies for a non-profit or charitable activity. The groups must be non-partisan and are prohibited from selling any products or raffle tickets unless authorized.

“RESELLER VENDOR” means a Vendor that has been accepted to the market to add produce and food products that are NOT AVAILABLE at the market. Resellers are seen as complementing the market and not as competition to existing local vendors. See “Reselling Policy”.
